TORONTO TRUCKING ASSOCIATION TRADE DIRECTORY 2009

The Trade Directory has been put together to help TTA members identify supplier members of the Association and to get a better understanding of the specific goods/services they provide.

This Directory will help facilitate the exploration of mutually beneficial business opportunities between all TTA members.

While the final decision of which supplier to use for any given goods/services must be dictated by sound business logic/rationale, given the important role TTA Supplier members play in the ongoing success and operations of the TTA, all members are strongly encouraged to do business with other TTA members when ever possible.

Directory Organization/Structure

Specific information provided for each Supplier includes the following;

- Company Name, Address, Telephone, Fax
- Web Site
- Contact Name, Title, Telephone, Email
- Type Of Product/Service Provided

Type of Service: Auctioneers

Co. Description:

Ritchie Bros. Auctioneers (NYSE & TSE:RBA) is the world's largest transportation and industrial auction company. We specialize in the unreserved public auction of trucks and transportation, equipment and industrial equipment. We have been conducting unreserved auctions for over 50 years and selling more to on-site and online bidders than any other company in the world.

Ritchie Bros. has more than 110 locations worldwide, including 38 permanent, secure auction sites in North America, including one in Bolton, ON just north of Pearson International Airport. We have been conducting unreserved public auctions in Ontario since 1971 and now hold five auctions per year at the Bolton location. Each Ritchie Bros. site offers secure storage, and is able to take delivery of your trucks and trailers any time before one of our regularly scheduled auctions.

As a full-service auction company, Ritchie Bros. manages every aspect of the sale process for consignors, including global marketing in print and on the web, answering questions from prospective buyers, organizing and conducting a professional auction, and handling title transfer and collections following the sale.

Buyers appreciate Ritchie Bros. auctions because they are unreserved, meaning there are no minimum bids or reserves on anything. Owners are also forbidden from bidding on their own equipment. Interested buyers are able to inspect equipment before the sale, so they know what they are buying.

Talk to Ritchie Bros. today to learn more about the different consignment options for your trucks and trailers, or about buying at an unreserved public auction. Go online to www.rbauction.com/transportation for more information.
